

**FOR IMMEDIATE RELEASE**

Empowering Crisis Response with EvertzAV Unified Communication Systems at DSEI Japan 2025

Ensuring Resilient and Scalable Communication in Disaster Scenarios

Burlington, Canada. May 6, 2025: EvertzAV is proud to present its unified mission-critical SATCOM, RF, and video solutions at DSEI Japan 2025, offering continuous and secure communication for disaster response and recovery operations.

From natural disasters to combat zones, EvertzAV integrated communication systems enable real-time coordination, intelligence sharing, and low-latency data transmission, ensuring that response teams have access to the critical information they need to act swiftly and efficiently.

Key Features of EvertzAV Disaster Response Solutions:

- **End-to-End Secure Communication:** Protects vital data during crisis operations.
- **Real-Time Video Transmission:** Enhances decision-making with instant access to critical information.
- **Scalable Infrastructure:** Adapts to evolving disaster response requirements.

Visit EvertzAV at DSEI Japan 2025, Booth H8-213, to learn how our solutions empower crisis response teams with resilient communication capabilities. To book an appointment with the EvertzAV team, please email avsales@evertz.com

About EvertzAV

EvertzAV (<https://av.evertz.com>) is a division of Evertz Microsystems, (TSX:ET, <https://www.evertz.com>) a global leader in mission-critical, ultra-low latency video, audio, and data solutions for government and defense sectors. These capabilities, enhanced by Quintech and ATCI—enable real-time ISR (Intelligence, Surveillance, Reconnaissance), secure media transport, SATCOM, and advanced signal management, ensuring seamless situational awareness, command and control, and tactical communication in complex environments.

For over 15 years, Evertz has delivered cutting-edge technology for secure fiber and RF signal management, image processing, and satellite communications. Quintech and ATCi enhance Evertz's ruggedized systems and reliable solutions, tailored to demanding defense applications worldwide.
